ABOUT ME

Full-stack developer and Computer Engineering student with hands-on experience in web and Java-based applications. Gained practical skills in frontend-backend integration, API development, and database management through academic and personal projects. Skilled in Java, JavaScript, React, Flask, Node.js, and database technologies. Seeking a software development internship to apply technical skills and contribute to collaborative projects.

TECHNICAL SKILLS

- Languages: Java, JavaScript, Python (basic)
- Frontend: HTML, CSS, React.js
- Backend: Node.js, Express.js, Flask, REST APIs
- Databases: MySQL, MongoDB, Firebase
- Tools & Platforms: Git, GitHub, VS Code

PROJECTS

SWISH – Campus-Restricted Social Media Platform

Technologies: React, Node.js, Express.js, MongoDB

GitHub: <https://github.com/Sayali2611/SWISH>

Live Demo :<https://swish-black.vercel.app>

- Built a full-stack MERN web application for secure, campus-exclusive social interaction.
- Implemented JWT-based authentication with role-based access for users and admins.
- Developed core features including user profiles, image posts, likes, and comments.
- Designed an admin panel for content moderation and user management.

Query Verse AI – College Chatbot

Technologies: HTML, CSS, JavaScript, Python (Flask), Firebase

GitHub: <https://github.com/Sayali2611/Query-Verse-AI>

Live Demo: <https://query-verse-ai.onrender.com>

- Designed a full-stack web application to handle common college-related queries from students and visitors.
- Built a user-friendly frontend for submitting queries and viewing responses.
- Optimized backend logic using Flask to process requests and manage stored responses.
- Used Firebase for real-time data storage and query management.
- Gained hands-on experience in frontend-backend integration and API-based communication.

Memory Book Web Application

Technologies: React.js, HTML, CSS, JavaScript, MongoDB

GitHub: https://github.com/Sayali2611/Memory_Book

Live Demo: <https://memory-book-phi.vercel.app/>

- Crafted a full-stack web application allowing users to securely create and manage personal memories.
- Implemented user authentication and CRUD operations.
- Managed user-specific data using database integration.

EDUCATION

- B.E. Computer Engineering, Smt. Indira Gandhi College of Engineering, Navi Mumbai (2023 – 2027, Expected)
- HSC, Mahila Samiti Jr. College, Thakurli – (2023)
- SSC, Model English School, Dombivli – (2021)
